HOBBIES

ABOUT ME

Born in the 16th of January 2005 I am currently pursuing the BD (Big Data) program at the Higher Institute of Arts and Multimedia (ISAMM) with the goal of becoming an engineer in this dynamic field. I thrive on challenges, possessing a sociable and motivated personality.

My passion for programming runs deep, demonstrated by my proficiency in two programming languages. I am eagerly committed to expanding my skill set in this ever-evolving field.
